On April 26, 2005, Brenda Ahlemann, Division of Substance Abuse and Mental Health (DSAMH), conducted and expedited review and found the proposed study to be exempt from DHS IRB review. The exemption is pursuant to 45 CFR 46.101(b)(4) and is based on the fact the researcher seeks de-identified data that has been generated by DSAMH for non-research purposes. Mary prepared and sent a letter to the PI advising him of the exempt status of the research.
